

THE UNIVERSITY
of ADELAIDE

The School of Physical Sciences
invites you to attend our

Chemistry Spectacular

The School of Physical Sciences is proud to present an exciting Chemistry Stage Show featuring a range of spectacular, thrilling and attention grabbing experiments and demonstrations which will motivate, inspire and delight!

2015 is the International Year of Light. Our chemists will enthral with experiments featuring sparks, explosions, bangs and flames and you will also discover the captivating chemistry that happens behind the smoke and lights.
